Forest Ranch Charter School (530)891-3154

Dear Forest Ranch Charter families,

We have had a great beginning of the year. Students and teachers are working hard. Both our Movie Night and Maker Space fundraisers have been very successful. I am excited about the enthusiasm for creating that the students and adults on our campus have shown and very grateful to our wonderful Maker Team for making the event happen (Christy Howell, Joe Ball, Robin and Stephen Wilder, and Ben Scott). We will be using our Maker Space materials/area for many academic challenges throughout the year. This will allow students to problem solve and implement plans in less conventional ways. It encourages them to use skills learned and practice going outside of the box.

Conference Day is coming up next Friday. The Middle School Lounge will be set up with emergent reader support materials, wellness and PBIS information. I will be available intermittently throughout the day to provide information/materials to families to better support their child's learning at home.

On another note, we have had a bit of staff turnover and have been working the last few weeks to find strong replacements for Edward and Randal. Both left to take advantage of promotional opportunities offered to them but are committed to our students and will keep in touch and involved with the school in other ways. Edward and Randall were well liked by staff and students and will be very missed. It is sad to see them go but we all wish them well in their new endeavors. Let me know if you have any concerns, input as we get new staffing in place. Thanks for all of your involvement and support.

Sincerely,

Christia
