Forest Ranch Charter School (530)891-3154

Dear Forest Ranch Charter School Families,

I wanted to reach out and provide a brief safety update. We have been holding regular drills to practice safety procedures. We held a mixed Fire/Code Red before the Thanksgiving Break to train students in the different sounds and signals that accompany each drill. We will have another, more typical, Code Red soon.

Our staff, safety committee and the FRCS Board continue to discuss ways to increase safety on campus. Since we opened we have intermittently locked our front door. At times it has been in response to possible threats, other times it was to make people feel more secure due to an incident somewhere else. We have been locking the front door for the past few weeks in response to the incident in Tehama county. We will explore possibly getting a door bell or buzzer at the January Board Meeting. Please let us know if you have questions, concerns, or other input.

Thank you,

Christia Marasco
