Forest Ranch Charter School (530)891-3154

Good Afternoon Forest Ranch Charter Families,

We started today with our whole school assembly. The Lion's came to give a prize to Traneda, winner of the Peace Poster Contest, and honorable mention awards to Claire and Lillian. Good job girls. We had another visit from our wily, unnamed, fox mascot and a messy but fun Teacher Challenge. Remember to help name our mascot on Facebook. We are trying to boost our on-line presence to help with marketing. Like and Share our stuff; every little bit helps.

I have a few reminders about attendance. During these flu months we do want families to keep sick students home. If your child has a fever or has been vomiting in the past 24 hours please do not send them. However, if they are well but tired or just have the sniffles please send them to school. It is not an excused absence if a sibling is sick or there is a family trip. Consistent school attendance plays a critical role in school success. Students miss crucial instruction and practice time when they are out. We are happy to put together independent study materials for students. Please request independent study through the office and note; these are not predeveloped packets. Teachers need adequate time to put materials together.

Enjoy the weekend,

Christia Marasco
