

Forest Ranch Charter School

~ elevate your education

Date: _____

Dear Parents:

To protect the health of all our students, it is required that we collect medical and dental information from incoming kindergarteners. Therefore, we ask that you provide the following information no later than the first day of school:

- Registration Health (attached) – a parent or guardian should complete this form before the student’s first day of school.
- Oral Health Assessment (attached) – the State of California requires that your child have a dental check-up no later than May 31st of your child’s kindergarten year. Assessments that have happened within the 12 months prior to your child entering school meet this requirement. The form must be signed by a Dental Professional.
- Immunization Record – the State of California requires students to be immunized against diphtheria, pertussis, tetanus, poliomyelitis, rubeola (measles), rubella (German measles), mumps, Hepatitis B, varicella. Entering 7th grade students are required to have the Tdap booster. A written record of receipt of each dose is required before your child may attend school.

The Registration Health Record form and the Oral Health Assessment form are both attached here for your convenience. Should you have any questions or concerns regarding any of this information, please do not hesitate to contact the school office.

Regards,

Christia Marasco
Executive Director
