

Dear Parents and Students,

In an effort to make this year's After School Program successful I would like to get your ideas about what you would like to see offered in the program.

First, I would like to introduce myself, Beth Wattenberg. I have been involved with children for over thirty years in many capacities from teaching, mentoring, advocating to coaching.

I plan on communicating with the teachers so that I can support their goals for their classroom as well as those for each child.

The After School Program will offer time for students to complete homework assignments, get tutoring in all subject areas as well as free choice time. The other time will be spent participating in planned activities for which I am requesting your input. Please fill out the following information so that I can tailor the After School Program to best fit the needs, interests and goals of both the parents and the students.

Thank you.

(Mrs.) Beth Wattenberg
